### Data Net Solutions Recognized by VMware as an Enterprise Partner

**San Diego, California, February 2008.** VMware was founded in 1988 and is responsible for seminal Virtualization products such as VMware Server and ESX Server. With the launch of VMware VirtualCenter and the groundbreaking VMotion technology, the company established itself as the thought leader in the newly emerging virtual infrastructure marketplace.

Data Net is recognized by VMware Inc as an Enterprise Partner. Enterprise Partners are system integrators and resellers whose consultants' are expected to be highly trained and certified, with the ability to help customers define, size, and deploy solutions based on VMware products and services.
